

# Activity & Sports Day

A great time was had by all when families came to town for an Activity Day at school, followed by CSOTA's annual Sports Day on the Town Oval.

Students spent time with their class teachers and participating in some great activities, including an excursion to the Town Library for a display 'Creations from the Man Cave' by painter and sculptor Neil Elliot, who uses recycled materials to create some wonderful art.

Sports Day saw some fabulous displays of sporting skills and team work plus lots of fun! Thank you to parent helpers and everyone who helped make the day a success. A special thank you to Michael and the team at Youth Outreach who lent us their facilities and shade structure, and to Kylie from Burringurrah RCS who provided her BBQ and extraordinary sausage cooking skills!!
