SCHOOL FUNDRAISING

SCRAP METAL FOR CASH

Wayne Panting has kindly offered his services in raising money for the school by organising a scrap metal collection.

Two storage drums will be kept in the school shed to collect scrap metals over the year.

Wayne will then take the metal to Geraldton for a cash trade which will then be forwarded to the school.

If you have any scrap copper, brass, stainless steel or aluminium please bring it to the school for collection when you have a chance to come into town.

Thanks again to Wayne for his initiative in raising money for our school!

Healthy Lunch Ideas

- Sandwiches, rolls and wraps
- Quiche
- Mini Pizza with cheese and vegetable toppings
- Muffins made with corn or grated vegetables such as carrot or zucchini

From DET flyer ‘Healthy Food and Drink choices in Schools’

BE CREATIVE

Children don’t need the latest and greatest toys. All you really need are a few basic essentials such as crayons, dress-up clothes, books and balls. Keep “open-ended” materials around - things that children can use for more than one type of play, from modelling clay to old sheets to wooden blocks to cardboard boxes.

DON’T BELIEVE THE HYPE

Many educational toys tout benefits you might never see. Before you spend a lot of money on educational toys or electronics, ask your child’s teacher or principal for recommendations. While that electronic globe looks great and has a lot of features, puzzles or a craft kit might better serve your child’s needs. Involve your child in the discussion and purchase of toys. You want to make sure you choose toys with which they will actually play.

Voluntary contributions are due now. Please forward these to the school as soon as possible. Many thanks to those parents who have paid already!

The fees are:

- One Child - $60.00
- Two or more Children - $120.00

These fees are used to directly benefit the children at CSOTA
