Cost $35.00 ea
Don’t miss out! Tell your friends!
Call the school of 99411015 or email debra.burridge@det.wa.edu.au for more information and an order form!

Cyber Safety Tips

• Spend time online with your children and explore websites together. Take an interest in what they like to do online.
• Help your children use the Internet as an effective research tool - learn about handy homework tips for children and also good searching ideas.
• Be aware of your children communicating to people they don’t know, particularly in chat rooms. Set house rules about what information your children can give out.

Home Tutor Tips

How do I make activities purposeful or meaningful?
• Relate activities to future work, money matters e.g. “So you can get your driver’s licence at 17”.
• Include other members of the family in discussions on purpose in the schoolroom
• Discuss purpose of school as a family and community
• Involve Dad – get Dad to write comments, listen to reading
• Pre-read tasks and set purpose for tasks early
• Show how the task is related to other areas e.g. “Print in capitals so you can fill in forms”.
