Home Tutor Tips

How do I avoid interruptions?

- Use a HELP PAD – the child uses the pad to write questions which they can’t ask because you are busy.
- Use a HAVE A GO pad.
- Tell the child you will be away for a set time and will be unavailable. Then ensure they have an activity they can carry on with until you return.
- Use a dot system to alert HT to child’s needs. This is silent.
- Let everyone outside the schoolroom know you will be available after 2 pm.
- Use an answering machine or fax.
