<p>What are you testing ? <u>Independent Variable</u> <u>What are you testing?</u></p>	<p>What ingredients to use to make sherbet taste the best.</p>
<p>What changes do you observe ? <u>Dependent Variable</u> <u>What changes do you see?</u></p>	<p>Taking away citric acid adding more icing sugar and jelly crystals made it taste OK.</p>
<p>What HAS to stay the time each time you trial this experiment ? <u>Controlled Variable</u> <u>What has to stay the same?</u></p>	<p>The baking soda</p>
